### Workshop Goals:

- Present results of UB graduate planning studio food assessment;
- Share lessons learned from a community that recently completed a food assessment and food plan;
- Support community visioning process towards establishing next steps for Chautauqua County's food system.

### Speakers:

- Samina Raja, *University of Buffalo*
- Kyle Fecik, Munsung Koh, Mitch LaRosa, Kelley Mosher, Vaibhavi Prajapati, Samantha Rubino, Brendan Seney, Kai Sun, Erin Sweeney, *University of Buffalo Planning Studio*
- Julia Freedgood, *American Farmland Trust*
- Helen Schnoes, *Douglas County Kansas*

## Chautauqua County 's Vision

“Our countywide partnership will strengthen the local food system by developing a sustainable agricultural industry that produces affordable, high quality, accessible, culturally appropriate, and nutritious food to enhance production and distribution, and promote food security in Chautauqua County. We will educate and connect producers, processors, government agencies, and consumers to work toward an efficient, effective, and secure food environment that strengthens the economy and promotes a healthy lifestyle.”
